EASY TO MAINTAIN • IDEAL FOR SCHOOL GROUPS • ATTRACTIVE PRESENTATIONS**

EXPLORING SCIENCE TRAVELLING EXHIBITIONS

DESIGNED FOR YOU

Each exhibition takes up about 100sq.m. They are set up quickly and easily so you can have an exhibition up and running in less than half a day. The exhibits are free-standing and can be arranged in many different ways.

These hands-on exhibits are popular with general visitors, family groups and school parties. They are guaranteed to attract new audiences and increase visitor numbers to your institution, providing an ideal way to present an ever-changing exhibition program.

The exhibitions are suited to most venues, particularly regional museums, visitor centres, festivals and libraries.

HOW TO BOOK

For latest details of availability and cost, please check the website or contact Sheila Snowden at:

Science Projects
14 Colville Road,
London, W3 8BL, UK

WHO ARE WE?

Exploring Science exhibitions are owned and operated by Science Projects - an educational charity whose aim is to promote the public understanding of science through the medium of hands-on exhibits.
